Efrain Guerrero Junior #8
"ASDB joined the PDSD football team for the first time in history this year. The two teams together were strong, PDSD and ASBD boys became more motivated and aggressive when they worked as one team. I miss football."

Sean Stone -Junior #88
"It was a great experience playing football, I loved it. I hope to play next year."

"Hut, Set, Hike!" Boy's Varsity Football

Efrain fights his way through the battlefield. Ronald uses his best defense skills against the other team. Jorge and Rufus both do an awesome job making our Roadrunners look good! This year our football team performed very well, joining with ASDB for the first time and we had a great season working as a team. Good job Roadrunners!

" What a season for PDSD! I'm thrilled to have a successful season with the players I worked with this year. Each and every one of them contributed to the team success with a 6-5 record. The biggest challenge we faced was combining with ASDB's football team for the first time in history. This was a great opportunity for players and coaches to experience working with one another, which is parallel in the real world. The boys improved a lot by having ASDB involved and developed a good relationship. I'm glad we were part of this because this year will not be forgotten as we are now part of history."

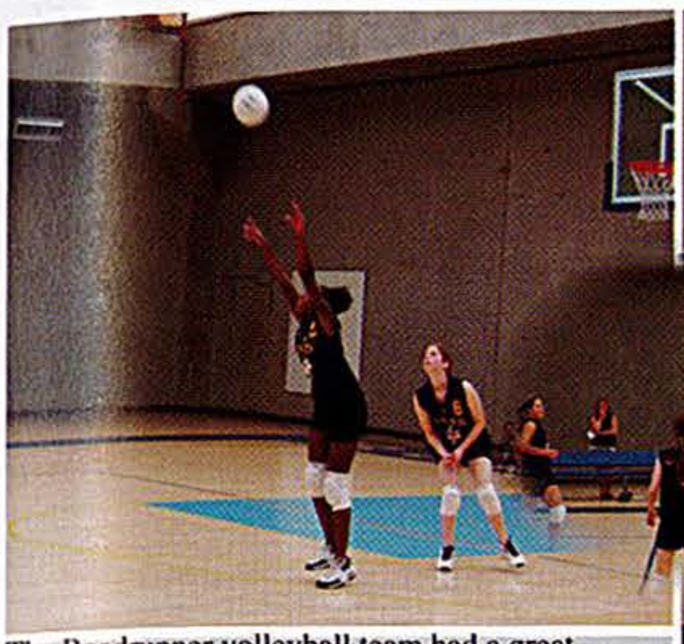
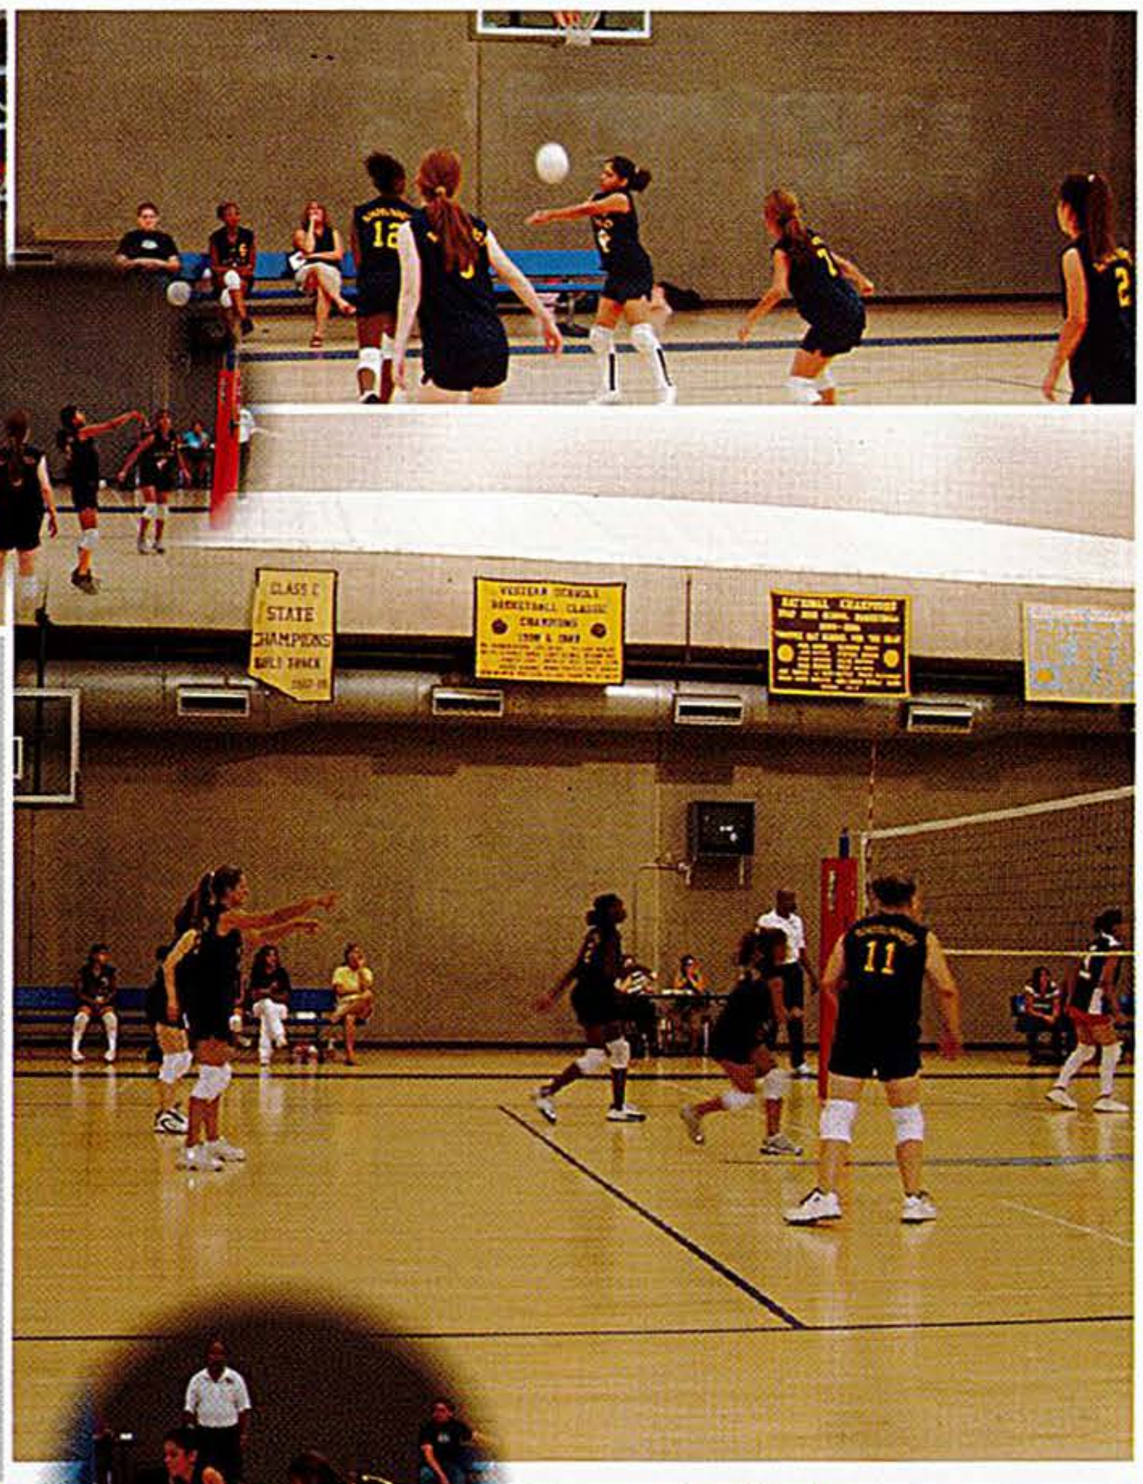
Girl's Varsity Volleyball





The Roadrunner volleyball team had a great season and experienced the challenge of playing very close games. We could have won many matches if we had our chance! However, the girls were always fired up and did their best! The players, one Jr. and 4 Soph., were "returning veterans" along with three new players, Deidra, Kenia, De'Lasha. Jessica, Stacy, Jade, Amanda, and Valerie shared the responsibility of being captain. Valerie, Stacy, and Jessica made the most great serves. Jade, Valerie, and De'Lasha made kills. Valerie and De'Lasha made a few good blocks! Amanda made the most serve returns. Jessica was still the great digger always going for the ball inside and outside of the boundary! Jeanette, Deidra and Kenia made wonderful "breathers" always there when they were needed! They learned valuable skills as well as how to work together successfully. Paulette, the manager, often served as an assistant coach! They ended the season with Westwind High School victory!

Coaches' Flashback

.08 seconds

Coach Don Kitson explains the worst foul outs. But it was totally worth the try!

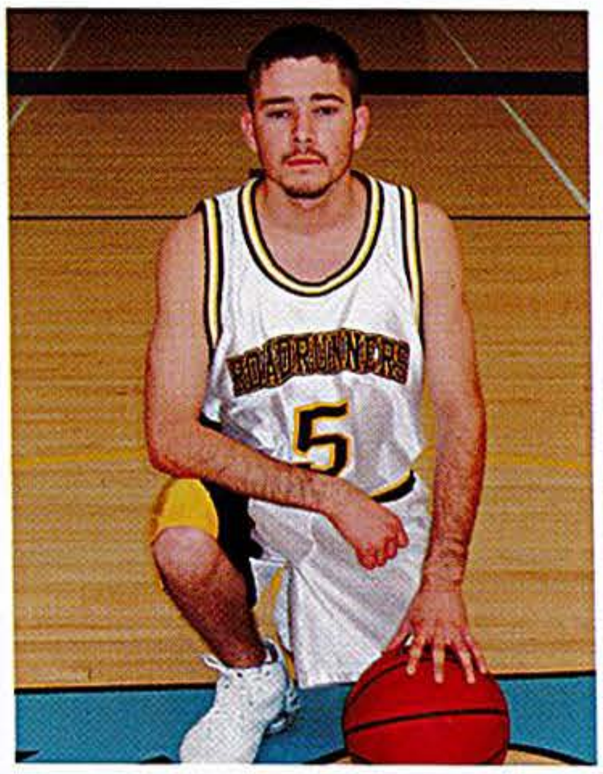
"The game between PDSD and ASDB during the WSBC was unpleasant because bad officials stole our win and made many bad calls. Just before the game was over, there were 3 players left on court after 4 boys fouled out. That game, I believe was the longest game in the whole tournament."

Coach Jeff Ploederl talks about the game against Riverside.

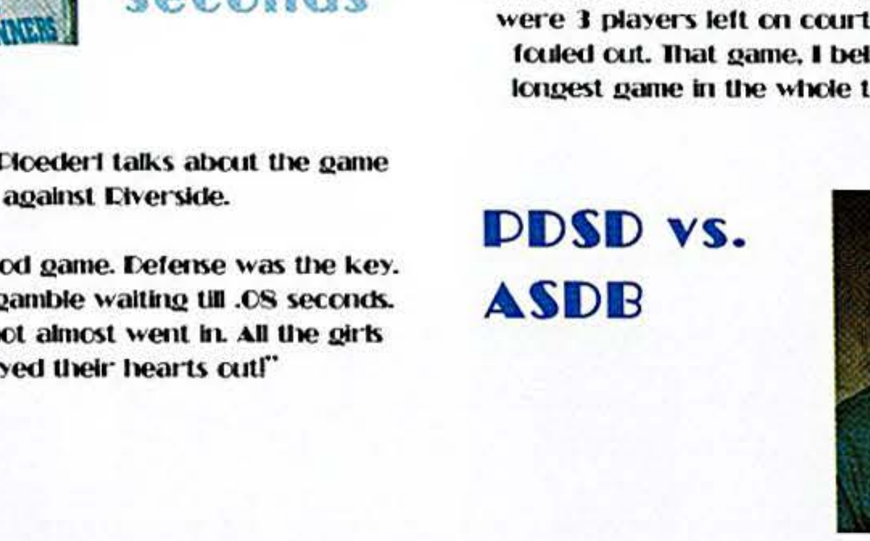
"It was a good game. Defense was the key. We took a gamble waiting till .08 seconds. That last shot almost went in. All the girls played their hearts out!"

PDSD vs. ASDB

Sophomore; #12: Amanda Garcia
Thrown face down by a New Mexico player and chipped two of her front teeth.
"When my teeth chipped, I missed my real teeth. They were so beautiful, now I have fake ones, so I get to live with it. I'd like to thank people for their comfort and support for what happened to me at WSBC."



Senior: Adan Luque
"I think Western State Basketball Classic was a wonderful time. Eight Deaf schools from other states competed against each other. I had an excellent time and I met new Deaf friends from other states."



Girls, 3rd Place: We had a hard loss against Riverside, by 1 point. We could've gotten 1st or 2nd... But oh well, at least we beat ASDB to 3rd place! The team's improved alot this year, thanks to our 2 coaches, Cassie Knutson and Jeff Ploederl! The team would also like to thank an ASU basketball player, Kylan Lonely (on the right in maroon) for supporting us.

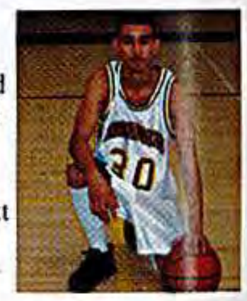
I love to play basketball and I hope to someday be in the NBA. I help my team to pass shots and score more points. I will play again next year.



I really enjoyed playing Varsity Basketball this year. I predict next year our Varsity Basketball could improve and play our best game. I studied Steve Nash's talent from PHX SUNS team. It helped me improve my basketball talent. I hope that I will improve for next year.

Basketball was a lot of fun. Meeting new friends, and playing my favorite sport- who would want more? I miss the basketball season already, I can't wait for next year!

I played only basketball for 4 years. Absolutely, I cherished being on the basketball team because it's my favorite sport.

"I had so much fun coaching this team. The 7th/8th grade basketball team did an outstanding job this year. I witnessed a huge improvement from the team and individuals. The boys really worked hard and showed the desire of playing hard. We developed our own team motto: "TABLE." In order to have a table standing, there must be legs and screws holding it together. If one part is missing, then the table won't be supported. The same goes for our basketball team. If one part is missing, then the rest of the team is not supported. I was surprised to see that the boys were very supportive and motivated to keep the "TABLE" going!"-Coach Pfaff

My first head coaching experience was both challenging and rewarding. Many of the girls had never played softball before. At first practice some of them put the gloves on the wrong hand! It was a learning experience for all of us. but with hard work, determination, and teamwork, all the girls were hitting, stealing and making great defensive plays by mid season. And they won the most important game... they beat PDSD staff! I'm proud of them all! -Sandy Laird

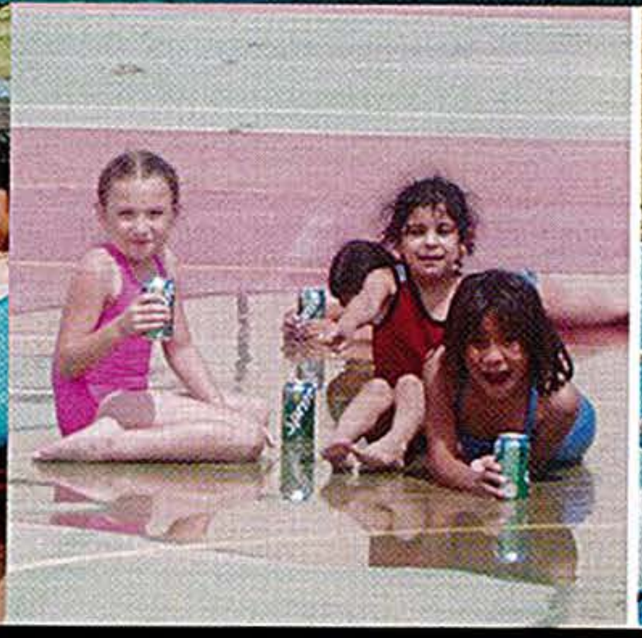
Spring FEVER



SWIM, swim, sWiM...

Annual Gallaudet Academic Bowl Competition took place at Utah School for the Deaf on Febuary 17-20th. There are 16 teams present, you play to for 1st or 2nd. And when you do, you will compete at Gallaudet against other top twos. How is it works is that they divide 16 teams into two groups. Called buff and blue (Gallaudet's school colors) they play against any of the 8 teams in the group, the top 2 of that group plays the other top two, leaving 4 teams. They compete for 1st or 2nd, and when they get in either 1st or 2nd, they will have a national Competition at Gallaudet. This year they competed against Hawaii Center for the Deaf and Blind, Washington School for the Deaf, California School for the Deaf-Fremont, Roosevelt High School, Arizona Schools for the Deaf and Blind, Rio Mesa High School. Didi's best subject is history. Jimmy's best subject sports/current events, Sean's best subject is mathematics. Also, Beth Rittman and Becky Mion's method of good luck, is that they depend their on Rupurt the Roadrunner which is a pen. (As seen on the right)

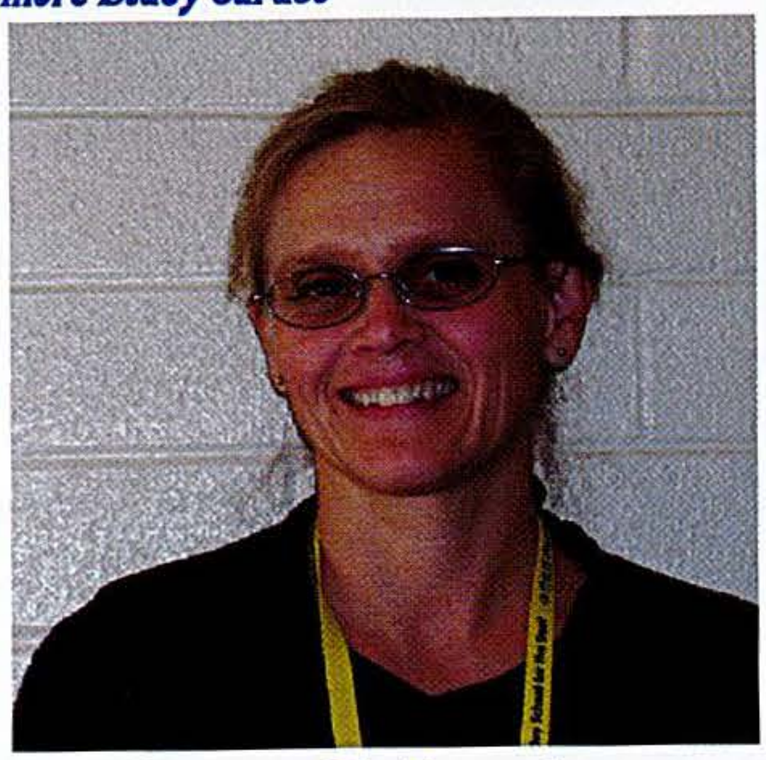
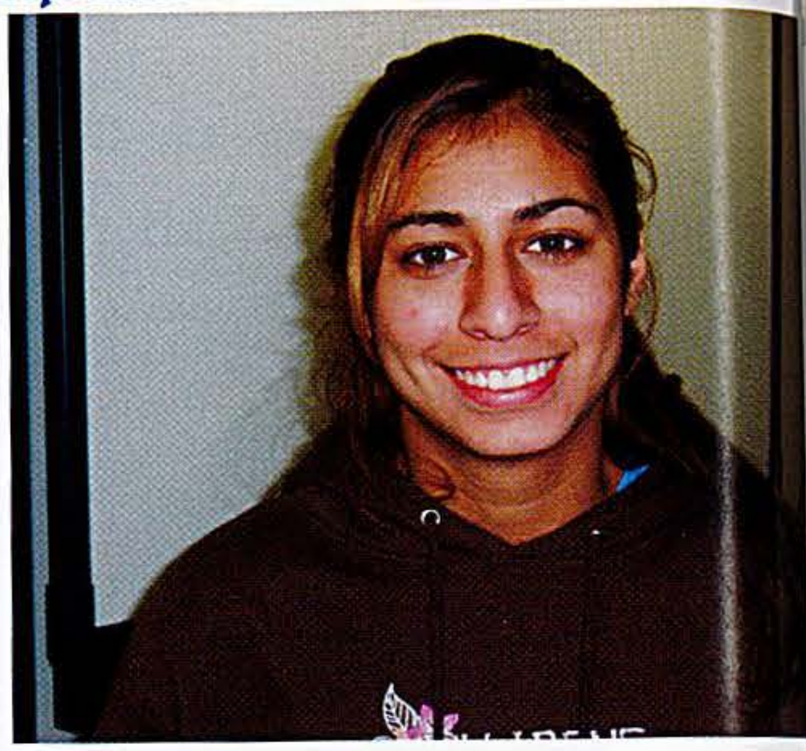
Student Council





Greta McLeod

Greta McLeod tried to encourage PDSD High School students to join in Student Council. The rules include 1) Can't go to Detention Hall often, 2) If the student is suspended then they will be kicked out and they can't join Student Council again, 3) Students must show respect and school spirit at all times, 4) Students must always bring homework to school, and 5) Must keep good grades with at least a "C" average. Some of the high school students wanted to join because they can fix problems such as cafeteria food compliants, and the "no pager" policy.

Also, students want to increse the amount of fieldtrips that are taken each year. Some students were wondering why field trips are limited: was it because of lack of money,or was it students not keeping up their grades, or maybe bad behavior at school? Student Council wants to increase field trips.
